Hey, this is Odin Wolf. If you're trying to contact me on FA about my commission, I can't respond! Please talk here on IB. FA suspended my account for two weeks. It will be up in 10 days. (I am disputing the suspension, because I seriously didn't break a rule... but anyway...) So, yeah. ._.

The comment about the 10 day suspension was posted 5 August. The next OdinWolf FA journal was posted 15 August.

A comment on the journal confirms Odin did receive a suspension.

I actually didn't notice that, it looks like Odin snipped it out when he colored it. In any case, the original, and odin's coloration are found, respectively:

Proof of Cub Fetish

Odin has wiped his Inkbunny page of all submissions and favorites. However I was given screenshots taken from when the account still had content uploaded to it. In these screenshots you can see a pornographic piece tagged as “cub” and “cub porn” in his favorites.
